

Circular 20 – 2017

30 October 2017

Dear Residents,

SECURITY STAFF – Rotation of on-site supervisor

We have encouraged Grinell Security to offer the Evergreen Village's on-site supervisors an opportunity to move villages on a rotational basis in order to build up their skills.

It is with this in mind that our current on-site supervisor, Guy Mawike, will be moving from Bergvliet to Muizenberg on 01 October.

We welcome Bernie February, who comes to us from Diep River and who is familiar with all our Evergreen security protocols. It will however take a few weeks until he had learned all your names and vehicles but I am positive that he will hit the ground running and immediately add value to the security services in the village.

The rest of the team will remain in place and will offer him the support he needs to settle in.

Yours sincerely

A handwritten signature in black ink, appearing to read "Christine Dempers".
