

## ENTERTAINMENT

The members of the E n E Committee request some ideas on what residents would like to see offered for entertainment in the Village. These suggestions would be additional to our current entertainment.

The following ideas are being considered by the Committee and those in favour of any of the items listed below, please tick the relevant items and deposit this sheet in Jean van Rhyn's pigeonhole (No 49),

All other suggestions would be greatly appreciated!

- Games Evening e.g. 30 Seconds, Pictionary, etc.
- Evening of 'Popular Musical ' DVD's.
- Charades
- Casino Games - this would be costly and can only be considered if sufficient residents are keen. The Committee fund will subsidize this but residents will be required to pay towards the costs; the cost will depend on the number of residents participating in the 'gambling'. Casino equipment would have to be hired, including croupiers. No money will change hands but 'chips' will be allocated with a prize for the winner who ends up with the most 'chips'. This should be a fun evening if viable.
- An additional film evening i.e. 2 films per month. We hope to have a larger selection of films, therefore something for everyone.
- An afternoon braai over a weekend - either Saturday or Sunday. Residents to bring their own meat and drinks.
- Gin tasting bar - a small charge will be levied for this.

Apart from the Casino Games and the Gin bar all the above would be free of charge. Light snacks (chips, popcorn etc) would be available but residents should bring their own drinks.

Please kindly give the above some thought and revert with preferences and any ideas.

Many thanks

Jean
