Circular 51 - 2020

Dear Resident

### **CE&E committee and upcoming Events**

Our Catering, Events and Entertainment (CE&E) sub-committee work tirelessly to ensure that our residents enjoy a wide range of events, social activities and entertainment options.

Our monthly activities include a classical music night; a popular Saturday night movie; quiz and bingo evenings; a pub night; social dinners and theme evenings. Our residents are also involved in a book club, boule, scrabble, canasta and we have a regular art group that meets each week.

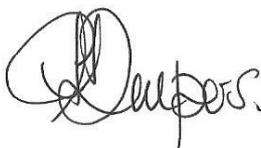

Interest has been expressed in forming a dance class to keep fit and healthy and introducing an ageless grace class. In addition, we are currently forming a regular group that welcomes knitting, crochet, tapestry or any stitching project. Group bookings for village outings are very popular and well-attended.

A few surprises are in store and I am certain that all residents will be delighted with the upcoming events. Details will be available shortly.

If you have an interest in getting the residents involved in projects, please let your CE&E chairman, Felicity Walker, know on Extension 142 or call Reception on Extension 300. We welcome new ideas and initiatives.

I would like to say a big thank you to the Committee and their support group who help organise the most enjoyable events, functions and outings and to all the other residents who run clubs and who attend and support our many events. They all contribute to making this a festive village and a vibrant community.

Yours faithfully

**Christine Dempers**  
Village Manager
