Dear All,

MANAGEMENT CHANGES – EVERGREEN LIFESTYLE BERGVLIET

It gives me great pleasure to announce that **Bronwyn Davis** has been appointed as the **Village Manager** of Evergreen Lifestyle Bergvliet. She has been an instrumental part of our business during the past 4 years. I particularly recall her commitment during COVID-19 where she lived in the Evergreen Lifestyle Village Noordhoek without going home for 3 months to protect her residents from possible infection. Until recently she held the role of Group Hospitality Manager where she was always assisting villages with arranging social events and the group wide social calendar. Although not new to Evergreen Lifestyle Bergvliet, I am looking forward to Bronwyn now settling in to life at the village and I am convinced she will make a positive contribution to the managing of the village, building on what has already been done.

I would also like to extend a heartfelt “Thank You” to **Shawn Ferreira** who has been managing the village for the past year since Christine Dempers moved to Evergreen Diep River. Shawn has done an exemplary job of holding the reigns and ensuring the high level of management was maintained. Shawn will remain in the village as **Assistant Village Manager** and be a direct support to Bronwyn in the daily operations of the village. I am personally very proud of you Shawn, your leadership shown during these difficult times speaks volumes of your character.

I am sure you will join me in congratulating both these employees and providing them with your full support. I look forward to a positive working relationship with both Bronwyn and Shawn.

These changes are effective immediately.

Yours Sincerely,

GARRY REED
MANAGING DIRECTOR
