

### Acceptance of nomination for Rescom

A resident for more than 4 years, I have always been impressed at the generous contribution others have made to the ELVB community through their participation in committee work. The time has come for me to put my hand up to do a stint for my fellow residents.

My working life was spent in financial services, the latter years in fund management for a large life insurer, and subsequently private client portfolio management for a small stockbroker. The principle of maintaining a strong alignment of interests across different parties was fundamental in these environments.

I have been a keen sportsman all my life, and have done my fair share of committee work and administration and understand the importance of teamwork in the setting and achievement of goals.

Gael and I have been married for nearly three years, and we each have children and grandchildren of our own. We like to travel and despite the interference of COVID, we have managed to spend quite a lot of time in other parts of our beautiful country, mostly visiting family and friends.

We both care enough to want to elevate ELVB to being the best such destination available for retirees. Hence my acceptance of my nomination as a member of Rescom.
