

Rescom Circular 01 – 2022

17 June 2022

Your Key Issues

Dear Resident,

As promised to the attendees at Mondays AGM, your Rescom and Village Management would like you to tell us of up to 3 priority items to be improved or fixed, which if dealt with will enhance your overall happiness and comfort in our village. It doesn't have to be 3 if there is one thing that really bothers you please tell us.

If you would please list them in order of priority, Rescom and Village Management will put these together and see how many we can get done by summer.

By the same token if you have anything that you think is a good thing that the village does in order for Rescom and Evergreen management to build on, we would also love to hear about these.

Please respond by 22nd June, we promise to communicate back to you as soon as we have the full list, and you will be updated on progress.

Best regards

Alan Baxter
Chair Rescom
