

EVERGREEN HEALTH

Services available in Bergvliet Village

Emergency Services

- Available 24/7
- The Telecare system is provided in each house or apartment
- Pressing the Red Button alerts a 24-hour call centre which will dispense the closest available ambulance

General Practitioner

- Doctor Joshua Czech is available Thursday afternoons
- Consultations by Appointment
- The Consulting room is in the Clinic and bookings are made via Evergreen Reception
- The General Practitioner services are for resident's own accounts.

Registered Nurse

- A Registered Nurse is available every Thursday from 08h00 to 16h00

Services at home or Clinic

- Scheduled DQ98 Assessments
- Medication Management
- Injections
- Blood Pressure Management
- Blood Taking for Pathology
- Wound Treatment

Clinic Night Service

- Carer service available for night assistance e.g., Medication, assisting with hygienic needs, assistance going to the toilet or putting to bed

Home Care Services

- Evergreen Health offers a full trained Care Giver service to residents in their homes
- The carer service could be booked for from 6 hours to 24 hours
- All the carers are directly supervised by a Registered Nurse

Medical Data Sheet - a vital Precaution providing data to first responders.

Residents are required to fill in a medical data sheet that lists:

- Medications you are taking
- Medical Conditions / Allergies
- Doctor or other specialists
- Medical Aid Details

This is of paramount importance in the event of a medical emergency

Multidisciplinary Services

The following services could be arranged for home visits:

- Physiotherapist
- Occupational Therapist
- Dietician
- Speech Therapist
- Social Worker

Medical Aid Coverage

- Evergreen Health would assist with Medical Aid pre-authorisation requests from your funder for medical procures as well as Post-Op Care
