# BATTERY BACKUP SOLUTIONS

## 1. FOXESS 5&5

The FoxEss 5&5 battery backup solutions consists of a 5kW Hybrid inverter and 2 x 2.4kWh Lithium Ion "Lego" Battery

- Product warranty is 10-years on the inverter and the battery
- Can add inverter to increase output.
- Can add batteries to increase capacity

## 2. FOXESS 8&8

The FoxEss 8&8 battery backup solutions consists of a 8kW Hybrid inverter and 3 x 2.4kWh Lithium Ion "Lego" Battery

- Product warranty is 10-years on the inverter and the battery
- Can add inverter to increase output.
- Can add batteries to increase capacity

## 3. FOXESS 10&10

The FoxEss 10&10 battery backup solutions consist of a 10.5kW Hybrid inverter and 2 x 4.8kWh Lithium Ion "Lego" Battery

- Product warranty is 10-years on the inverter and the battery
- Can add inverter to increase output.
- Can add batteries to increase capacity

*Each system installation includes:*

*AC & DC Wiring*

*All protection devices*

*Installation, Testing & programming, issue of COC*

*5-year workmanship guarantee for Evergreen Clients only*

# PV SOLUTIONS

## 1. FOXESS 5&5 WITH 6 X 540W PANELS

The FoxEss 5&5 battery backup solutions consists of a 5kW Hybrid inverter and 2 x 2.4kWh Lithium Ion "Lego" Battery

- Product warranty is 10-years on the inverter and the battery
- 25-year manufacturing warranty on panels
- Can add inverter to increase output.
- Can add batteries to increase capacity

## 2. FOXESS 8&8 WITH 8 X 540W PANELS

The FoxEss 8&8 battery backup solutions consists of a 8kW Hybrid inverter and 3 x 2.4kWh Lithium Ion "Lego" Battery

- Product warranty is 10-years on the inverter and the battery
- 25-year manufacturing warranty on panels
- Can add inverter to increase output.
- Can add batteries to increase capacity

## 3. FOXESS 10&10 WITH 14 X 540W PANELS

The FoxEss 10&10 battery backup solutions consist of a 10.5kW Hybrid inverter and 2 x 4.8kWh Lithium Ion "Lego" Battery

- Product warranty is 10-years on the inverter and the battery
- 25-year manufacturing warranty on panels
- Can add inverter to increase output.
- Can add batteries to increase capacity

*Each system installation includes:*

*AC, PV & DC Wiring*

*All protection devices*

*Installation, Testing & programming, issue of COC*

*5-year workmanship guarantee for Evergreen Clients only*
