

19 January 2024

Dear Residents,

**Hospital admittance or medical treatment.**

This is a friendly reminder for all residents to please advise us of any hospital admissions or after hours and emergency medical treatment.

Please advise Village Management when you are booked for your procedure and where you are going, so we can keep in touch and make sure we visit upon your return to the Village. There are several ways that we can offer support while you recover at home but we can only do so if we are made aware the need for assistance.

We realise that sometimes your hospital visit might be the result of an emergency situation or a sudden decision where you don't have a lot of time to plan. Please try to ask a neighbour or family member in these cases to advise us or send a WhatsApp message to myself or Nomfundo.

Regards,

**Riaan Gouws**  
Village Manager
