Dear Residents

FIRE BLANKETS & EXTINGUISHERS SERVICING

Kindly be advised that it is that time for the annual fire equipment service.

We have arranged with The Fire Connection CC to service all equipment. The cost of servicing your fire extinguisher is **R80.00 per extinguisher including VAT** and this will be recharged to your levy account. Fire blankets will be checked and replacements recharged if it is compromised, like the extinguishers.

We will be collecting your fire extinguishers and blankets on Friday, 4 October. The service will take place on Monday, 7 October. Please have them ready for our team for collection. If you will not be home, you can drop your extinguisher or blanket off at reception.

Please ensure the following:

1. Clearly mark your extinguisher with your unit number at the bottom
2. Sign the fire extinguisher form at collection and when your extinguisher is returned after being serviced to confirm receipt of your extinguisher.

Regards

Riaan Gouws
