

**Circular 14-2016**

Evergreen Broadacres  
Frederick Road  
Broadacres,  
2021

28 July 2016

Dear Resident

**GUIDELINES TO MAKING THE MOST OF EVERGREEN CONNECT**

The first phase of our digital connectivity platform, Evergreen Connect has been completed in Muizenberg and Broadacres, with fibre to the clubhouses installed and optimised.

Now you can enjoy the benefits of global connectivity:

- Our easy-to-use internet connection enables conversations with family and friends at the click of a button, along with online activities, games, and engagement via social media.
- Enjoy browsing and chatting as you relax in our warm coffee shop atmosphere
- New internet users will be surrounded by others and can share ideas and get assistance as they learn to navigate the worldwide web
- Affordable weekly tariffs and free short-connect daily times.

Easy, affordable, amazing

- Reception will show you how to get on-line and to connect
- You can buy a voucher for R20.00 which gives you access for a week
- The code you will get covers one device so you need to select which device you plan to use, alternatively purchase a second voucher
- You can also connect for free for 15 minutes daily

We hope that Evergreen Connect will put you in touch with your family and friends, allow you to explore your interests and provide many, many hours of pleasure.

Regards

Derek Drew
