

## SPECIAL SPRING EDITION

Well fellow Evergreen Broadacres residents hello again,  
Is this not a very special time of the year. A sort of revitalisation of life. The necessary bleakness of winter gone and the freshness of spring with us.

One can virtually see the transformation before one's eyes evidenced by the 2 pictures below....

Near end of August

One week later

## TRADITION CONTINUES

Traditions are started and often they fall flat like one's new year's resolutions but not so for our intrepid Ruth Fidler. Since the age of 7 our 85-year-old Ruth Fidler has traditionally dived into a swimming pool on the 1st day of spring. In keeping with her long established ritual. On Thursday 1 September 2016 despite the temperature being 16°C Ruth again dived into the pool.

Although others were invited to join her no one did. Here she goes in 2016...will you join her in 2017 and make it a more participative event???

Well done and thank you for the inspiration Ruth

## SPRING HAS SPRUNG AT EVERGREEN

In response to my August month end Chatter request for some spring photos the following have arrived

ARBOR DAY 2016

Saturday 10<sup>th</sup> September dawned and bright and early some 40 residents were at Hennie's briefing at the clubhouse. And then it was off to work we go 'hi ho, hi ho!!

*Well done all. And thanks for your participation physically and financially.  
Graham Langmead for and behalf of ResCom*
