

## URGENT COMMUNIQUÉ

Hello all,

13<sup>th</sup> September 2016

### ROSES FOR SALE

On Arbor Day this year the plan was to plant 100 iceberg roses in 2 rows on the Fredrick Road pavement area adjacent to the picket fenced boundary. This was to be the culmination of all of the replanting of the pavement all the way up from the guardhouse and we are sure you will all agree that Hennie with Ivar and the team of advisers who helped with the strategy and design have done a marvelous job.

**For those of you who didn't attend the Arbor Day activities, we decided not to plant the roses on the pavement because of the water restrictions.**

**We decided instead to keep them in their bags where they are, and where they can be easily watered, until either the water restrictions are lifted or we can use them elsewhere in the village, e.g. around the new clubhouse once its complete.**

**Therefore, as a number of residents have asked whether they could buy some of the Iceberg roses we bought for Arbor Day, the answer is yes! The roses are available at R40,00 each (what we paid for them) on an honour basis.**

**Decide how many you want, pay Robin Slogrove (Unit 73), Hennie du Preez (Unit 72) or Cecil Fann (Unit 76) and then help yourselves. The roses are standing up against the boundary wall next to the re-cycling station. First come, first serve basis.**

Warm salutations and cheers, Evergreen Broadacres ResCom
