Vacancy on ResCom
Leader of Governance Portfolio

Dear fellow Residents,

As most of you are aware Dick Townsend has stepped down for this position due to current circumstances. It is a vital portfolio and we desperately need someone with legal or business experience to offer to take over from Dick at least until the 2017 ResCom elections in July.

The task entails a ResCom meeting one morning a month and attending to any legal or quasi legal matters that occur. It is after all in all of our collective interests.

If you are in a position to take this over for the present (or want more info) please URGENTLY contact myself, or any other ResCom member.

Best regards,

Graham Langmead
Unit 66
