

Circular 3-2017

2 February 2017

Dear Residents,

SECURITY – CHANGE OF GUARD

By now you will have noticed that no longer are there orange shirted security guards at the gate nor walking around the village.

The reason for this is a decision made last year, after reviewing a number of issues it was decided we needed a change. Following interviews at the highest level with a number of professional security companies and subsequent checks with other villages where they operate, we decided on **Thorburn Security Solutions** who have now taken over the role and responsibility of our security.

We have clear protocols in place and daily briefings and checks so we feel sure that going forward we are in very professional safe hands.

It is imperative that all of us in the village have our Evergreen disc clearly displayed on the front left side of the windscreen of our vehicles as this is the only passport to the automatic resident's entry and exit. No disc appropriately displayed will result in delay. It is a protocol in all of our interests.

Also for your information every visitor is recorded on entrance and exit, this also applies to every resident vehicle exiting and re-entering the village. We need to know if you are in or out of the village at all times to ensure your absolute safety and security.

To this end our Duty Manager Theo will be calling on you over the next week or so to ensure we have the correct vehicle details and ensure you have a disc in place. Please cooperate with us in this important matter.

Kind regards

Roy Martin
Village Manager

Let's work Together to make "The Village of Our Dreams"
