

**Circular 10 - 2017**

29 August 2017

Dear Residents,

**INSTALLATION OF SPEED CALMING HUMPS**

We are very pleased to confirm that the speed calming humps will be installed around the village on Wednesday, 30 August 2017.

In consultation with your residents committee and a number of residents the following positions have been identified as the best positions for the humps.

Positions are as follows:

- Just after Mongoose Crossing and before unit 1
- Outside unit 36
- Outside unit 115
- Outside unit 85
- Outside unit 59
- Between units 68 and 72

I have attached a copy of the map of where the speed calming bumps will be installed for ease of reference, a **red dot** marks the position.

I again appeal to all residents to please obey the rules of the road and stick to the prescribed speed limit.

Kind regards,

  
René Van Huyssteen  
**VILLAGE ADMINISTRATOR**
