

COMMUNIQUÉ

Being a communication to residents about voter registration

9th March 2018

Dear fellow Residents,

There are ads on TV etc. encouraging people to go to the polling stations this weekend and check if registered.

We have heard of a website where you can do it online. You can also do it on a friends' computer.

It is so much simpler.

The site is <https://check.da.org.za>

All you need is your ID number and put the residential address as:- 40 Frederick Road, Kengies.

Up pops the ward details along with confirmation that you have registered. There is no requirement that you have to be a DA voter, it's just to check your registration.
