

COMMUNIQUE

Being a communication to residents about The Library

Notes from the Library

Dear Residents,

We are very concerned – almost 150 books are missing from our library! These are books that are not on the shelves and there is no record of them having been taken out in the log book.

Folks, please search your shelves at home, books may get ‘put away’ when tidying up and forgotten.

Remember that all books taken out must be recorded in the log book. And, please, don’t pass a book along to someone else without recording this too.

Your help would be greatly appreciated.
