

Circular 24 – 2018

29 October 2018

Dear Residents,

Re: Retirement Village Package offered by Multichoice

We have received a proposal from DSTV to set up a special bouquet for Evergreen Broadacres. The programmes are similar to those in the Clubhouse. DSTV would invoice Evergreen Lifestyle Villages and we in turn will charge the connected residents each month on their levy account.

This in no way will affect the residents who are connected to existing Premium and other Bouquets.

The Proposed Bouquet is as attached along with details of extra channels which can be provided and the cost of each extra channel.

The final chosen channel bouquet will need to be agreed by all contributing residents. There are some restrictions concerning P.V.R.s and the number of TV's at each house.

If there is sufficient interest, we propose to hold a meeting to discuss the additional channels and will then send out another list of what Extra channels you would.

Please let reception know if you will be interested in choosing this option.

Retirement Village Package:

This package costs R255.00 per unit, per television point. The package consists of M-Net, the M-Net Movie channels & all the SuperSport channels excluding all the SuperSport HD channels which are available at an additional cost. Any add-on channels are R20.00 per channel per television point per month. A minimum of 3 residents are required to qualify for this package.

***NB:** The above mentioned services are not available on XtraView or Dual View packages. PVR capable decoders can be used but without PVR functionality like (CatchUp, BoxOffice, Pause or Recording) due to DSTV licensing restrictions.
