

**Circular 032-2018**

**12 November 2018**

Dear Residents,

**CANCELLATION OF TELKOM LINES AND TELECARE UNITS**

With the exception of units 84 to 130, should you have a Telkom fixed line installed in your unit, please inform either Roy or René immediately should you choose to:

- a) Cancel your Telkom fixed line for a cellular unit;
- b) Cancel your Telkom fixed line all together; or
- c) Should your Telkom line not work (due to technical issues or it being suspended).

The TeleCare units of many of the units from unit 1 to 83 are either connected to your Telkom fixed line or are connected via a GSM (cellular) connection. It is of the utmost importance to inform us immediately should any of the above happen, as your TeleCare device is connected to your Telkom fixed line and thus will not work when your Telkom line is no longer in working order.

Should you wish to cancel your Telkom fixed line, please advise either Roy or René in advance so that we can arrange for your TeleCare Unit to be exchanged to a GSM (cellular) unit.

Sincerely,

**Roy Martin**
