Bingo for a cause

The Lions Club has "adopted" several crèches' in the Ivory Park Township, which is between Midrand and Kempton Park and adjacent to Tembisa

It is a township of approximately 200,000

The Lions currently provide food for 25 of these. Many of the buildings are in a bad state of disrepair and quite frankly are a danger to the children. These buildings in many instances provide poor protection from heat, cold and rain. The Lions have prioritized the work required and have started the refurbishment programme on one of these. The expected cost of the initial work is R10,000. The Club has raised R8,000.00 and is looking to raise the balance through various fund raising events of which the **Evergreen - Bingo for a Cause** is one. We therefore look forward to the usual support and generosity of the Evergreen residents by enjoying an evening of **Bingo for a Cause** with us.
