Dear Residents

STARS

Tuesday, 20 August 2019

10am for 10.30am

Since the dawn of history stars have fascinated man. They're bright, beautiful, yet so elusive and far away.

So here's an open invitation to all, come and listen to Prof Graham Hall and learn more about the wonder of the skies.

All are welcome.

Hope to see you there.....Libby

BOOK MORNINGS

There has been some confusion in the Social Calendar about the Book Mornings.

These mornings are held every second month in Feb, Apr, Jun, Aug, Oct and Dec, on the third Tuesday of the month.

Thus, there will be a Book Morning on 20th August – an event that promises to be both interesting and informative – see the item above.

MUSIC DVDs

Please folks, record **ALL** borrowed books, CDs or DVDs in the log book.

The following DVDs have been missing for a long time and we cannot find any record of them in the log book. Please check your shelves and return them.

- Cher – The Farewell Tour
- Bee Gees – One Night Only
- Neil Diamond – Hot August Night

With good wishes from The Library Team
