

BROADACRES VILLAGE RESIDENTS COMMITTEE

COMMUNIQUE - 151

Arbor Day

20th August 2019

Dear Residents

Following my announcement at RAM that there won't be any appeal for funds this year, a number of residents approached me and expressed their disappointment. At yesterday's ResCom meeting we reversed that decision!

The Arbor Day tradition goes back to 2013 when those very first residents decided that they'd like to make a contribution to the development of our village and in September 2013 we held our first Arbor Day celebration. And what a celebration that was!

Funds were collected, holes dug and trees purchased. At 7 o'clock we gathered in the old club house and after coffee and rusks started the planting process. The men, and a few ladies, did the planting while other ladies kept us watered – and what a fun filled and satisfying morning that proved to be! The job was done by late morning and that evening we gathered for our very first street braai – the start of another tradition!

We know that there are residents who feel that beautifying the estate is the responsibility of Evergreen. Of course that's correct, but equally there are residents who feel differently and this appeal is addressed to them!

So here is the appeal: those residents, who feel differently, please pay your money by EFT or in cash to John Parrott in Unit 20. As before, we'll appeal to Evergreen to match our contributions on a Rand for Rand basis.

Please make your payment – or commitment – SOONEST so that we may know what funds we have available.

*Hennie du Preez,
Chairman of ResCom.*
