

# A NOTE

## FROM EVERGREEN

Dear Resident

### Entrance gate traffic flow:

It was mentioned in our ResCom meeting that there is still uncertainty about what happens at the gate when a resident is waiting in the queue to enter the village and the traffic is piling up.

Security who mans the gate will keep an eye on this and will open the visitors gate for residents who are being held up by the queue that forms in front of the resident's gate.

Please keep an eye out for this as the Security will signal you when they open the visitors gate so that you can drive in.

I hope this will alleviate some of the congestion frustrations in the village.

Warmest Regards
