

BROADACRES VILLAGE RESIDENTS COMMITTEE

COMMUNIQUE - 161

ERNIE'S BACK!

11 October 2019.

Dear residents,

For those of you who weren't at Wednesday evening's social, let me share with you the very best news I had in a long, long time – our dear Ernie is fit enough again to organise his well-loved village walk!

Ernie has been a very sick man for many months and we'd made alternative arrangements for the organization of the village walk. But I couldn't imagine that it would be the same without the inimical role that he always played in getting that show on the road. So imagine my delight when Ernie approached me that evening to tell me that he was ready to go!

So without any more-a-do he got hold of the mike and announced his return to thunderous applause! It goes without saying Ernie, but I'll say it anyway, that we're all thrilled and delighted that your recovery has gone so well that you've taken on that arduous task once more.

The village run will take place on the afternoon of Saturday 26 October. Further notices will be coming from Ernie. In the meantime diarise that date so that we may have a record turn-out to show Ernie and Heather just how pleased we are that he's fit again!

Sincerely,

*Hennie du Preez,
Chairman of ResCom.*
