

**Circular 16-2020**

16 March 2020

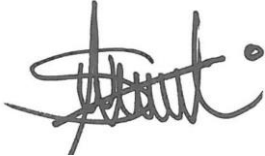

Dear Resident,

As we are in Corona Lock down at the moment, it is understandable that a lot of people do not feel comfortable leaving their homes but are forced to do so in order to get supplies and food.

To this affect, Broadacres Spar has agreed to do a home delivery service for the Village. Simply send an email with your list or required items to the below e mail address. You can address it to Elain who this arrangement was made with. They will then deliver the next day and bring with them a card machine for you to make payment upon receipt of your groceries.

Yours faithfully

**Wilma Swart**
