For your personalised free hearing test at Evergreen,

Tuesday 30th June 2020 , please contact us for an appointment on:

010 600 2657 / 0798916637

Over 450 million people worldwide have disabling hearing loss, and one in three adults aged 65 and older have some degree of hearing loss. Yet despite these numbers, surprisingly few of us test our hearing on a regular basis. Getting your hearing tested routinely is one to-do you should add to your yearly list.

74% of adults get their eyes examined every 2 years.

62% of adults visit a dentist each year.

Only 23% of adults receive hearing screenings during physical exams.
