Dear Evergreen Residents

Once again your committee and all the residents who participated in your annual Mandela Day food drive have astounded us with their generosity to those in need.

It gives our Outreach team so much satisfaction to make up parcels of nutritious and much needed food for the hungry families especially during this lockdown due to COVID19. Thank you all most sincerely.

As all Anglican Churches are still closed we have asked the Cosmo City priest, Fr Jabulani Miya to collect and distribute parcels to the families he knows that are most in need. He will take the first 6 parcels this Monday and says a million thanks to have an answer to his prayers.

Many people continue to be assisted by All Saints with virtual food vouchers but not all families have cell phones. This donation from Evergreen will be used to assist these households. What a Blessing.

Please share in our joy of being able to make many families' lives easier.

With our sincere thanks and appreciation

Yours sincerely
