Dear Residents,

UNIT GRASS CUTTING PROGRAM – TO COMMENCE 21 SEPTEMBER 2020

With Four Seasons Gardening services having returned to the Village last week, their first priority was to clean the wetland reeds and grass and remove it. This was estimated to take about two days and then they were going to spend the rest of last week catching up with the Public areas' gardens.

Due to them being off site for 5 months, the overgrowth and amount of work that has to go into getting the gardens restored back to its former state has taken longer than anticipated. They have also had to have all your lawn movers and brush cutters serviced because they were not used for 5 months.

This has delayed the mowing of resident's lawns with an additional week. Please bear with us for the remainder of this week and we will then start our grass cutting program on Monday the 21st of September 2020 as per the below schedule.

MONDAYS – the following units' lawns will be cut:
