

Circular 0177

07 December 2021

Dear Residents,

Fire Training on fire hydrant hose usage and fire extinguisher usage.

We are hosting Fire training to staff members on Wednesday 8 December 2021 in our boardroom.

Part of the training includes a demonstration and training on how to connect hoses to fire hydrants in the village and how to operate them. Similarly, there is training on how to extinguish a fire with a fire extinguisher.

We would like to invite any resident who would like to physically discharge a Fire extinguisher and learn how to use the extinguisher to join us at 15:00 in the parking area in front of the Lifestyle Centre. Similarly, residents who want to learn how to connect the fire hoses to the hydrants are welcome to join us at 15:00 as well.

Please be considerate to the fact that the trainer has to complete training staff and then return to classroom training afterwards so only 60 Minutes is allowed for this demonstration.

Wilma Swart
Village Manager
