

Circular 024

8 April 2022

Dear Residents,

**FLU VACCINES:**

Evergreen Health has received our flu vaccines from the Department of Health.

Residents who put their names down must please make their way to the Care Centre on Monday 11 April 2022 from 10:00 – 13:00 to receive their vaccination.

We were only able to secure enough vaccines for residents who put their names down and were not able to secure any extra vaccines for helpers or carers.

Should you not be able to make it on Monday please contact Siphon on EXT 1220 to make an alternative arrangement.

Kind regards,

**Wilma Swart**  
**Village Manager**
