

Circular 034

19 May 2022

Dear Residents,

WINTER IRRIGATION SCHEDULE:

Please find below schedule of the irrigation times that were changed to our winter settings. This schedule will show you which day and at what times the irrigation is programmed to be running.

Should you experience any discrepancies or notice that the irrigation is not coming on as per the schedule, please contact Marius Viljoen to check for you.

Also, please can we ask that resident don't go and fiddle with the controllers to switch on their irrigation as these impacts on the water pressure in the different lines and then causes other areas to not be irrigated properly. Your assistance in this regard will be much appreciated.
