

## Circular 094

07 November 2022

Dear Residents,

### **Speed limit in the Village and general awareness.**

In an ongoing effort to improve our village and to ease traffic flow and curb the continual problem of speeding in the village, I would like to reiterate the speed limit of 20 Km in the Village.

Despite having signs up around the Village and advising visitors and residents of the speed limit in the Village, we still have continual speeding taking place. This is of a huge concern as we have so many residents that enjoy walks through the Village.

Ignoring stop signs is also a concern and we would like to ask that everybody please ensure that they stop fully at all the stop signs. Also please refrain from cutting the corners as this decreases your visibility to pedestrians. The T-junction at Heron and Loerie Lane is particularly susceptible to this. Please do not cross over the white lines when using this t- junction.

Please can we all try to adhere to the limit and stop signs and create awareness in the Village and with visitors. We really love all our residents and don't want anybody to get injured

Thank you in advance of your cooperation and support!

Kind regards

**Wilma Swart**  
Village Manager
