WORLD MARRIAGE DAY

12 FEBRUARY 2023

WORLD MARRIAGE DAY

World Marriage Day is celebrated every year on the second Sunday in February, sometimes coinciding with St. Valentine's Day. The purpose of World Marriage Day is to emphasize the beauty of marriage and to honour husbands and wives for their faithfulness and sacrifices.

Through World Marriage Day, a special light is shed on the deterioration of family values in modern society. The day calls for parishes to accompany the married couples every step of the way and to persuade them to join the sacrosanct life of the Church. It is also the celebration of emerging diversity in the institution of marriage and the incorporation of various heritages and ethnicities that add to the grandeur of God's creations.

But how do we celebrate World Marriage Day? By writing a note for your loved one, speaking to your partner about all of your adventures and remembering all of the things you love about them. Come up with something special that you and your spouse can do to celebrate and honour your marriage.
