

Margaret Roberts Herbal Centre

BOOK MORNING OUTING

22 FEBRUARY 2023

The centre, situated on the northern slopes of the Magaliesberg, is a magical place filled with beautiful gardens of all types and styles.

The centre was founded over 40 years ago by Margaret Roberts and her legacy now continues under her daughter, Sandy.

The gardens have carefully laid out paths for easy access. While they are beautiful and inspiring, there is even more to see and experience. Walk the labyrinth designed in the style of that at Chartres Cathedral in France, play a game on a life-sized chess board, and be enchanted in a fairy gallery.

After a good wander around how wonderful to relax and enjoy a fragrant tea, a light lunch or snack in the restaurant. And then once restored, to shop!

Or would you prefer a quiet moment? Steal away to visit the little garden chapel, admire the stained glass windows, enjoy uplifting music and read the prayers for the animals written on the chapel walls.

Sound like fun?

Join us on **Wednesday** morning, 22 February, leaving around 10am.
