

LIFE CAN CHANGE IN AN INSTANT, LET US HELP PROTECT YOUR LEGACY!

You are invited to MacRobert Attorneys'
Wills, Trusts and Deceased Estates Information Session
Date 27 March 2023
Time 10:00

Why is a will important?

- ✓ **Ensures that your last wishes are fulfilled**
- ✓ **Protects your wealth and assists in building a legacy:**
You can create various mechanisms in your will which will facilitate legacy building, such as: a trust and fideicommissum, especially when you have lump sum funds.
- ✓ **Protects inheritance of minor children:**
Without a will, cash inheritance awarded to minor children could be paid over to the Guardian's Fund.
- ✓ **Protects an unmarried partner's interests:**
If you are not legally married and you do not have a will, your partner will not be entitled to receive benefits from your estate.
- ✓ **Provides legal certainty and prevents potential family conflict**
- ✓ **Prevent delays in the administration process:**
Without a will, you will not be able to appoint an executor of your choice to administer the estate.

Let us assist you with the complementary drafting of your will!
