coming

## Outing - Walter Sisulu Botanical Gardens

2<sup>nd</sup> May 2023 (08h30 to 13h00)

Being a Tuesday there is no charge for Pensioners.

Walter Sisulu features a Waterwise Garden, Cycad Garden, Succulent Rockery, Fern Garden and arboretum (a botanical garden devoted to trees). Walter Sisulu is also home to a breeding pair of black eagles. The idea is to spend the morning at Walter Sisulu, walk through the above mentioned and down to the iconic waterfall and look out for the black eagles. On our way back we stop off at the restaurant for tea. We will then leave to be home about 13h00.

If interested, BOOK NOW, with Heather or Lisa, as we **need numbers** for transport options, either booking a bus, which would be for the cost of those attending, or to take our own cars and split the petrol cost with the driver.

For more information and booking contact
