2.	HELD ON 21 APRIL 2022	
	The residents confirmed that these were correct.	
3	NOMINATION FOR RESCOM	
	LL stated that nominations forms for ResCom members	
	had been sent to residents and that completed	
	nomination forms signed by the nominee were to be	
	submitted to Wilma Swart by 10 Aug 2023.	
	Seven members would be elected and they would at the	
	first meeting elect Chairman, Vice-Chairman and allocate Portfolios.	
	PROGRESS WITH ISSUES OF CONCERN RAISED BY	
4	RESIDENTS AT MEETING HELD ON 22 APRIL 2022	
	To be handled under Item 5 portfolio reports.	
5	PORTFOLIO REPORTS	
	LL stated that a Consolidated Portfolio Report had been	
	issued to residents and it was taken as read. If there	
	were any issues that Residents wished to discuss on the	
5.1	Portfolios they could do so. Communication	
5.1	Charles Carroll (CC) stated that it was clear from AJ	
	report that there was a lack of communication between	
	ELV, ResCom and Residents. Further Townhall meetings	
	had not been held and Residents have heard nothing	
	from ResCom. He felt that ResCom had thus failed, and	
	Residents had been let down. Two Wednesday Socials	
	had been hi-jacked by ELV. ResCom do not have a	
	strategy to handle the situation and thus need to develop	Strategy on use of
	One.	socials for marketing
	Kiloran Townsend (CT) stated that the poor microphone	purposes to be
	system was an indication of the failure. Graham Langmead (GL) thanked Chris Edwards (CE) for	developed
	his WhatsApp messages.	

	John Shulkins (JS) endorsed CC sentiments and said he	
	had introduced a point bulletin on ManCom and ResCom	
	minutes, but this had died when Covid occurred.	
	Kiloran Townsend (CT) stated that the poor microphone	
	system was an indication of the communication failure.	
	Lisa Nuttall (LN) said that those without emails needed to	
	receive hard copies of communications. LL asked if this	
	was happening and there was no response. She said it	LL
	was supposed to happen and would be taken up with	
	Management.	
5.2	Infrastructure, Development and Gardens	
	Sue Edwards (SE) said that the outer pavements were a	
	big improvement and expressed thanks. LL advised that	
	the pavement work had been done by ELV Marius Viljoen	LL
	to save labour and be waterwise and he would be	
	informed.	
	LL stated that a Gardening Sub-Committee had been	
	started, chaired by CC, and felt that there had since then	
	been an improvement in the gardens.	
	LL said that Residents had been asked if they wished to	Residents who did
	do their own pavement gardens rather than have it done	not want FGS to work
	by FSG. Initially 5 had opted for this with a further 10	on their pavement
	doing so when FSG arrived to work on theirs. She	gardens to inform
	requested Residents to inform ELV if they wished to	village management
	attend to their own pavement gardens.	village management
	LL said that ELV had recently used a contractor to	
	monitor the borehole supply quantity and quality as a first	
	step to making ELV less dependent on Jo'burg Council	
	water. Progress will be monitored on this project.	
	LL stated that the relaying of paving on the roads was in	
	progress.	
	Dave Campbell (DC) said that this was the third time that	
	it was being done and this time it was also not being laid	
	correctly. It also required ongoing maintenance every 3	
	months.	
	LL Stated that isolation water valves were being installed	
	whenever meters are replaced.	
5.3	Finance	
	LL and CF advised that the 2024 budget, which started in	
	Mar 2023, has still not been shared with ResCom despite	
	ongoing pressure from ResCom ManCom members are	
	ELV, EPI and ResCom but EPI, the second party in all	
	LRAs, have delegated their rights to ELV and do not	
	attend ManCom meetings.	
	CC queried if ResCom, having received nothing from	
	ELV, had escalated this to a higher level. ResCom was	
	being stymied by incompetent management and it should	
	thus be taken to a higher level and perhaps be made	
	known to PSG and the local media.	
	LL advised that ManCom was the highest level that	LL
	ResCom could go to and that it should thus be raised at	
	the AGM.	
	CC said it would not be settled at the AGM and ResCom	
	needed to wake up and take control.	
L		1

	LL advised that a resolution for the AGM would be proposed.	
	JS queried if empty units had an impact on the budget. LL replied that EPI had finally agreed that they would pay the levy, municipal charges, and other costs for first time unsold units. On previously sold units it was LRA dependent; some early LRAs had a cutoff on levies after 3 months and other LRAs the levy was paid until the new	
	resident moved in. CF said this had been a major battle that was at last	
	agreed. JS asked if EPI should not pay back the earlier unpaid	
	levies on the unsold units. LL stated that as EPI had paid about R15m to cover losses since village inception they could hardly be asked	
	to pay these earlier unpaid levies as well.	
5.4	Health	
	Kiloran Townsend said she wished to express her appreciation for the work that Sister Kate Powell was doing in ELV.	
	David Presbury said that one problem that Sister Kate had was that sometimes she was not informed when Residents went to hospital etc. It was important that she was aware of this so that arrangements could be made	Residents to
	on their return. DP also wished to note that there was no charge for her	
	services other than the tariff list.	
	Hennie du Preez thanked DP for the health talks.	
	Pauline Joyce (PJ) said ResCom considered the Buddy Band was important, but it appeared it would not be provided in the future.	
	LL stated that ELV had included in the budget the replacement of the Telecare old technology system with a more modern one but that the capital cost of this had in ResCom's view incorrectly been included in the village operating costs which was incorrect as it was part of the LRA. ResCom had objected to this and said it was also important to retain the morning call and Buddy Band.	Further engagement required on the replacement of the Telecare system
	One resident said she did not feel the Buddy Band was important and LL replied it was there so that others could make contact if the resident was unable to do so.	
	Kirsten Chalker (KC) said her morning call has not worked for a year and she had never been contacted on this.	
	Linda Brennan (LB) noted that the morning call and panic button was not operational during load shedding.	
5.5	Hospitality	
	Sue Edwards said in 7.5 years they had enjoyed the Wednesday Socials and felt they were functions organised by Residents for Residents. It now appeared that we paid to be performing seals for ELV sales. She said that Charles Carroll had gone to a lot of trouble and	
	expense to arrange music for the Christmas in July function that was taken over.	A strategy on these hospitality functions

	LL said that ResCom had objected to this very strongly. Garry Reed had earlier stated that one of the areas he would be focusing on this year was hospitality functions. Wilma Swart couldn't get answers from Cape Town, but it has been agreed that the outsiders at the next function would not be at Residents tables and that Residents would not be turned away to accommodate outsiders. Cyril Rabinowitz (CR) stated that the Christmas in July was a function for Residents and Guests and thus ELV who were not Residents shouldn't be allowed. Also, ELV never engage as he has experienced with WS. CC suggested that a boycott would speak louder than words. LL asked if a boycott would be supported by a show of hands to which there was overwhelming support. KT suggested ELV sales should not be on a Wed and that Residents could be invited at a discounted rate. HdP noted that the numbers at Wed Socials were very	was never discussed despite requests for engagement.
	low, being about 20 people on 19 th Jul. WS had stated that it was partly to boost the numbers and make the Bistro more viable that they held the function. CC said this begs the question. Why are people staying away and what should be done to get more Residents to come?	investigate reasons for low attendance at socials
5.6	Safety and Security	
	Bev Jackson (BJ) said something needed to be done at Loerie Lane where drivers were not stopping at the stop street and cutting the corner and a serious accident was likely. DN said that ELV had said they had no money to implement a system similar to the trial paving pieces, that appeared to work for most. He also said that the general problem was speeding and not stopping at stop streets by Residents, their families, their friends and their contractors and made an appeal for Residents to speak to their families and friends. He said fines were not allowed which was confirmed by LL but said that guilty people could be barred from entry.	ELV to be asked to investigate alternatives to capital interventions to address these concerns
	Joe Rebelo (AR) suggested mirrors for those Loerie Lane	
5.7	Residents who felt unsafe backing out. Chairmans Report	
0.7	LL advised that this would be taken as read and passed over.	
6	Resident's Issues raised prior to the meeting	
6.1	Irrigation	
	Connection of upper section has not been done. This forms part of overall water project	
6.2	On dustbin days there is a back of cars entering which is unsafe	
	DN reported that it has been arranged that when backups occur that cars will be let in, and security checks done inside the village. Also, that if there were to be a hijacking emergency our Security Co, 24/7, would notify	

	the other property security companies who are also 24/7	
	and the three roads into the region would be closed. Also	
	24/7 has armed patrolling cars in the area.	
6.3	Employment of Evergreen staff after hours	
	Dave Campbell complained that this change in policy was implemented without any communication from ELV and as a result the gardener he has employed for 8 years can no longer work and is thus about R20-25,000 out of pocket. He also felt it was against the Constitutional rights of citizens. LL said that this had been taken up by ResCom with ELV who said that this was in the staff contracts. ResCom	To be raised at AGM
	therefore decided they could do nothing about it. DC said he had written and phoned various ELV people in Cape Town and had a poor response.	
	LL asked what DC proposed solution was. He said, "Let the gardeners work".	
6.4	Conveying patients to the Care Centre on a stretcher through the Clubhouse	
	LL had queried this with WS who said they were normally taken through a side door unless they had to go to reception first for some reason.	
6.5	Inadequate recycle area	
	LL advised that ELV had two quotes for this upgrade, which have not been seen by ResCom. These were being evaluated by ELV and noted that they would need municipal approval before implementation.	
6.6	Frederick road paving subsidence	
	LL advised that it was awaiting fixing of underground water pipe before it could be done.	
6.7	Dogs pooh	
	HdP said there were two solutions: not allow dog walking or they must at all times be on a leash.	
	Isabel Labuscagne (IL) said that she believed it was due to Residents letting their dogs out unattended early in the morning or late at night.	
	LB said it was a people problem.	
	LL asked if a solution was perhaps to name and shame	
	and if cameras could be used to identify offenders.	
	HdP said that in France and USA they were using DNA testing to trace culprits.	
	Jimmy Allan (JA) felt that dogs need to be on a leash except when they were in the Northwest wetland area. Offenders should not be allowed to get another dog.	
6.8	Barking dogs	
	It was generally agreed that it was best for Residents to discuss this amongst themselves.	
	LN said that her dog barked when people walked past her unit, and she was unable to stop it.	
	It was generally agreed that this was normal for dogs and was transient. Incessant barking when it occurs is what needs to be addressed.	
6.9	Compensation for inverters and solar panels	

	LL advised that ResCom had tried for this but had been	LL
0.10	turned down. To be raised at the AGM.	
6.10	Telecare	
	Handled under 5.4 Health	
6.11	Dog owners and walkers	
	Handled under 6.7 and 6.8	
6.12	Sales functions	
	Handled under 5.5 Hospitality	
6.13	Fencing	
	There is an ELV program in place to attend to this.	
	Timeframe required.	
6.14	Sister Kate Powell overloading	
	David Presbury said he had discussed this with her, and	
	she felt she was not overloaded and had two assistants	
	working under her direction.	
	OTHER MATTERS	
	Internet problems	
	CE raised the fact that during internet failures that the	
	cell phone at Reception did not work and that the Care	LL
	Centre phone number was not known.	LL
	LL said this would be raised at the AGM.	
7	Closure	
	LL thanked all for their attendance and said that all points	
	have been noted and would be presented in the form of a	
	resolution to ELV at the AGM on 17 Aug 2023.	
	LL stated that she would not be standing for re-election to	
	ResCom.	LL
	CF made a presentation to LL on behalf of Residents and	
	ResCom and thanked her for her dedicated leadership	
	and hard work during her term.	
	The meeting was closed at 17h00
