

**Circular 061**

1 August 2023

Dear Evergreen Residents,

**RE: HOW TO USE YOUR FIRE BLANKET**

1. Hold the top of the pouch where the eye is or leave it hanging on the hook

2. Pull the black tabs down until the blanket comes out of the pouch

3. Unfold the blanket fully holding the corners - make sure the blanket protects your hands.
4. Place blanket gently over the flames, sealing the fire from the air.
5. Turn off the heat source or power supply, leaving the blanket over the fire.
6. Call for help.

Yours Sincerely,

**VILLAGE MANAGER**
