

Circular 063

14 August 2023

Dear Residents,

**RESIDENT ACCESS INTO THE VILLAGE:**

In order to accommodate our new Security provider's access system with scanners we need to scan all resident's car license discs and drivers licences.

We are therefore advising residents that as of Tuesday 15 August 2023, Security will be asking to scan residents' vehicle and driver's licences upon entry into the Village. Once we have all residents licence information gathered in a few days, we will go back to the system of allowing easy access via the sticker on cars windscreens.

Please assist us by ensuring you have your license on hand when coming back into the village.

We apologise for the inconvenience

Kind regards,

**Wilma Swart**  
**Village Manager**
