TELECARE TESTING:

Dear Residents,

After Monday's fibre issues that left the village of line for almost an entire day, there has been concerns about the effect this might have had on telecare.

Please can I ask that you test your units and report any issues to reception promptly. We will have Anne, the telecare technician on site tomorrow to tend to any issues.

Anne can only work on these when there is no loadshedding. She will thus be in the village in the morning and again in the afternoon as we have load shedding from 12:00 – 14:30.

Warm Regards

Wilma Swart
Village Manager
