

# *A Note from your Rescom*

## **COMMUNIQUE 002 - 2024**

### **EVERGREEN BROADACRES - UTILITY METERING**

You should have seen the invitation from the Village Manager to an information meeting scheduled for 23 February at 10 am in the Clubhouse to be provided with information on the changeover of service providers for the metering of water and electricity consumption.

We encourage you to attend this meeting to ensure you understand the changeover's impact on your water and electricity bills.

We hope to see you there.

Best

**David Presbury**
