

**Circular 046-2024**

20 May 2024

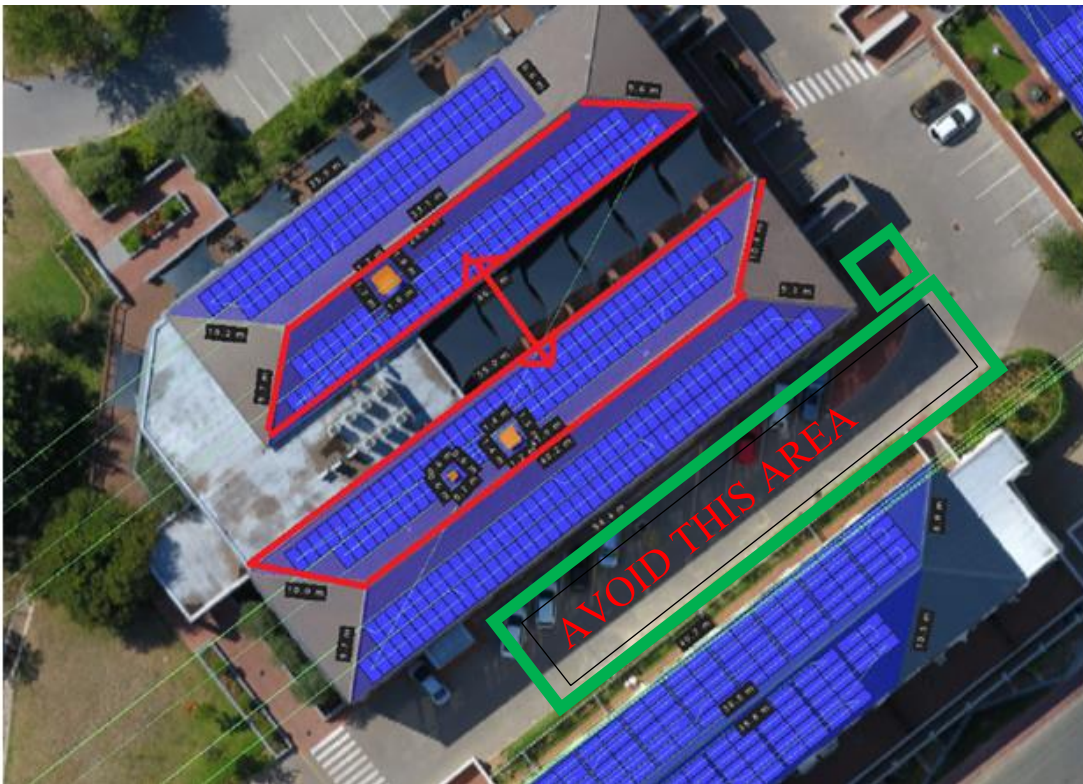

Dear Residents,

**COMMENCEMENT OF SOLAR PROJECT.**

I am delighted to inform you that the Evergreen Solar project commenced this morning with the arrival of the Photovoltaic panels.

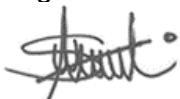

These panels are in pellets and have been offloaded on the side of the Lifestyle Centre in the parking bays between Lifestyle Centre and Bushwillow apartments.

We ask that residents try to avoid the green area as indicated below and rather circle around via Heron and then Loerie Lane for the duration of the Installation.

I will certainly keep you updated as this exciting project progresses.

Regards

**Wilma Swart**  
**Village Manager**
