

Circular 060-2024

10 July 2024

Dear Residents,

PARTNERING WITH SANDTON MEDICLINIC.

We are extremely excited to announce that we are in the process of partnering with Sandton Mediclinic to supply them with a sessional consultation space in the Care Centre.

The aim is to have different specialist physicians consulting from the Care Centre on a weekly basis. This will have the added benefit of giving residents access to these specialist physicians without having to leave the Village.

Cardiologist Professor Ruchika Meel will be consulting from the Care Centre on Tuesday mornings. To introduce her to residents, we will have a short introduction talk by Prof Meel on Monday morning 15 July 2024 at 10:00 in the Lifestyle Centre where she will introduce herself and give a brief talk about what a cardiologist does and why cardiac health is so important.

She will be joined by Specialist Physician and Rheumatologist Dr Ivy Anafi. Dr Anafi brings extensive experience and a deep passion for managing systemic autoimmune rheumatic conditions.

Please join us in the Lifestyle Centre on Monday morning to get to know these ladies over a cup of tea and scones.

Regards

Wilma Swart
Village Manager
