COMMUNIQUE 23-2024

MINI-HEADLINES – RESCOM MEETING 11 JULY 2024

You will have received the agenda and portfolio reports for the RAC meeting on Thursday, 18 July 2024, at 15:00. There was a ResCom meeting on 11 July, and this is to bring a few updates.

1. **Alveo**—The nanofiltration plant is in place, and the first samples have been taken. We should have a report next week.
2. **Voltano**—The switch to Voltano has settled down for most residents. Over the next few months, however, Voltano staff will be available to assist residents unsure of their accounts. Wilma will advise the dates.
3. **Survey**—Sixty-eight replies to the survey were received and will be discussed at the RAC meeting. Hard copies will be available to those who have not responded at the meeting.

Please book at reception if you are attending the caucus meeting.
