

Circular 079-2024

27 September 2024

Dear Residents,

SELF ASSESSMENTS DQ98:

We are taking a different approach to DQ98 assessments this year in the form of a self-assessment.

Residents are requested to complete your biographical data and give us an accurate indication of various aspects of your health information and daily functionality on the attached self-assessment DQ98 forms.

Please report any recent changes in your health status; such as new diagnoses recent surgeries, etc. Assist your partner/spouse to complete the document as required. These assessments are reviewed annually as per the Department of Social Development regulations.

Please complete these documents as comprehensively as possible and hand them in to your Village Manager by the end of October 2024.

Regards

Wilma Swart
Village Manager
