## **COMMUNIQUE 05 - BROADACRES**

### **Roy's Farewell**

Dear Residents,

After Roy's farewell on Friday Cecil and I both received calls from Roy expressing his extreme gratitude for Friday morning's get together. He asked me to pass on his thanks to all of you. We had discussed it with him and he wanted to keep it informal and have a chance to meet as many old friends as possible. That seems to be exactly how it went. The turnout far exceeded the expectation and he was actually overwhelmed.

We were also amazed that you donated R27155 which Cecil transferred to Roy on Friday afternoon.

I think Cecil's email sums it up well. He said "I must marvel at the continuing generosity and goodwill of Evergreen residents, both financially and the numbers attending the presentation".

Thank you all very much indeed.
