

RESCOM COMMITTEE MEMBERS 2021

My name is Kathy Scott, and I am 69 years old – nearly 70!

I moved to Evergreen in October last year (2020). Before that I was living in a complex in Plumstead. I had been there for over 20 years and served most of that time on the Body Corporate, first as a trustee and then as the Chairperson until I sold and moved here.

I am a social worker/child and youth care worker and at present work full time for an NGO where I have worked for over 20 years. I am the General Manager as well as manager of the training department of the organisation. Before this I worked in and managed various children's homes as well as being the Chairperson of the regional committee for child and youth care workers in the Western Cape.

I am active in my church and assist in various administrative and supportive roles. I enjoy outdoor activity and keeping active, so I am enjoying the gym and swimming pool here. I am pleased that my sister and I have moved into Evergreen and am enjoying meeting and getting to know people here through joining in with the social activities where I can.

My name is Margaret Lee (calling name Margie) and I am 76 years old. I moved from Durban in October to take up residency here at Evergreen Diep River. Before I retired my profession was a School Teacher and while teaching I held various leadership roles.

I have always been very active in my church holding President and Secretary positions in the Women's Auxiliary. In March last year, just before lock down, I came out of office as the District Secretary of the Natal Coastal District Women's Auxiliary of the Methodist Church. I was on the body corporate as Secretary of a small Block of simplex's.

At the retirement village where I lived in Durban before coming to Cape Town last year I was on the Entertainment Committee and was also the rep for the block where I was resident in the Village.

I am very happy to be here at Evergreen and am slowly meeting many of the residents at lunch, coming down for coffee in the afternoons and at the braai and other functions

My Name is Kelvin Barry. I am 70 years old and a Resident of Evergreen Diep River since January 2016.

Former working life in local government and now fully retired since December 2014.

Has served two previous terms on Rescom 2016/17 and 2017/2018 as Chairperson. Chose not to stand again after 2018 AGM.

Considers EVG Diep River my permanent home
