

the magical world of

flowers

AN AFTERNOON OF FLOWER ARRANGING

Please come and join me as I show you the wonderful and magical world of flower arranging. I know many of you would have had beautiful gardens yourselves and like my mother, would have filled vases and vessels and scattered them around your homes. I would love to share with you some lovely tips I've learnt since becoming a florist. It's been a wonderful journey and I would love to share it with you.

Caryn
