09 June 2017

Dear Resident,

NEW ELECTRICITY & WATER COSTS – EFFECTIVE 1 JULY 2017

The City of Cape Town has revised all costs related to electricity & water and they will be implemented 1 July 2017.

Electricity:

Although the R250.00 User Fee proposal has been withdrawn the cost per kwh has received a fair increase. It is still in the best interest of every citizen to do their part in energy saving practices.

Water / Sewerage:

Domestic users will no longer receive the monthly 6kl of free water. The charge for sewerage & water will start from the first kl.

See table below:

Water (domestic full) Steps	Level 3 (2016/17) Rands (incl VAT)	Level 4 (2017/18) From 1/7/2017 Rands (incl VAT)
Step 1 (>0 ≤ 6kl*)	R 0,00	R 4,56
Step 2 (>6 ≤ 10.5kl)	R 16,54	R17,75
Step 3 (>10.5 ≤ 20kl)	R 23,54	R25,97
Step 4 (>20 ≤ 35kl)	R 40,96	R43,69
Step 5 (>35 ≤ 50kl)	R 66,41	R113,99
Step 6 (>50kl)	R 200,16	R302,24

It is possible that additional charges may result from the need to invest in a range of expensive additional sources of potable water for Cape Town due to the current drought situation. Water saving from all citizens is a must.

Kind regards,
Kim Whitworth
